

Programme 3- The Kepler Science Trail tour combined with a stroll in the footsteps of Bacchus (6h)

(children)

Another interesting tour offer for children. We offer places that teach by having fun and foster learning through play. By visiting the Kepler Science Center you will have an unforgettable experience among the stars and planets in one of the most modern Planetariums in Europe, and in the Nature Centre you will learn more about science and the construction of man. To reach those places, you will be guided by small Bacchus figures located on one of the largest pedestrian precincts in Poland.

Estimated timing :

Cost:

- English-speaking guide (from 2h to 6h): from 240 PLN to 460 PLN/group
- Entrance fee to The Planetarium (a show) and the Nature Centre: group ticket "Odkrywca" 7 PLN/person (for groups of over 10 people)
- Meal

Please note:

- The Kepler Science Centre: (the Nature Centre and the Planetarium WENUS) is closed on Mondays
- The offer is available from Tuesday to Sunday
